

Dr. Wei Chen
CEO
Silergy Corporation

Dr. Wei Chen received his B.S. degree in Electrical Engineering from Zhejiang University in 1992, and his M.S. and Ph.D. degrees in Electrical Engineering from CPES at Virginia Tech in 1995 and 1998, respectively. He held engineering and management positions at VPT Inc., Linear Technology Corp., and Monolithic Power Systems prior to founding Silergy Corp. in 2008. By single-mindedly pursuing the smallest size and highest power efficiency, Silergy Corp. is the fastest growing power management IC company with an annual revenue of USD 148M in 2015. Silergy is currently listed at Taiwan Stock Exchange.
